Community Partner Agreement for the Women’s Vote Centennial Colorado

The purpose of this document is to outline the expectations for partners in the Women’s Vote Centennial Colorado initiative. The Women’s Vote Centennial Colorado is a collaborative effort led by History Colorado, in partnership with the Women’s Vote Centennial Commission.

PURPOSE:
Engage all 64 Colorado counties with women’s-suffrage related activities, events, programs, and/or education opportunities.

VISION:
The Women's Vote Centennial Colorado initiative embraces an anthem. Our anthem inspires women and men—across generations, and throughout our state—to act:

You shape history every time you vote.
The Women's Vote Centennial Colorado gives Coloradans the opportunity to learn about the journey and struggle to achieve voting rights among women.

We embrace our anthem never to support any partisan agenda but always to serve all Coloradans.

To align our efforts, we have developed a partnership agreement. Partners agree to:
• Uphold the Purpose and Vision
• Measure and share information about the number of participants and attendees in programs and events to reach the collective goal of engaging with 300,000 people across Colorado.
Adhere to the Women's Vote Centennial Colorado strategy for communication, community engagement, and marketing guidelines.

Communicate and share about Women’s Votes Centennial Colorado events through your networks using branding and communication guidelines.
