

**Additions to
William Gilpin, 1813-1893
MSS 268**

The following materials were found in the collection but none appear listed in the calendar produced in August 1968 by Edward C. Echols. The provenance of these items is unknown and the researcher may conclude that various staff at the Colorado Historical Society added these to the collection. Keith Schrum, BMSS, inventoried additions on 14 July 2003.

Correspondence
