Office of the State Archaeologist of Colorado
History Colorado,
1200 Broadway
Denver, CO 80203

To the State Archaeologist of Colorado,

By this letter, the _____ declares its
[Institution/Museum Name]

desire to serve as an approved museum or curatorial repository, in order to provide curation of archaeological and/or paleontological resources collected under future permits issued by the Office of the State Archaeologist of Colorado. This completed form documents our desire to create and maintain an express trust (held-in-trust) relationship with the State of Colorado regarding these collections.

We hereby agree to abide by the "Responsibilities and Requirements of an Approved Museum" as specified in Section 9.G of the current Rules and Procedures (8 CCR 1504-7) implementing the Historical, Prehistorical, and Archaeological Resources Act of 1973 (as amended 1990; C.R.S. 24-80-401ff). Also, the following statements detail evidence of our desire to benefit from all allowed uses afforded to the approved museum or curatorial repository (Sections 9.H of 8 CCR 1504-7) as well as acknowledgement of the approved museum's or curatorial repository's own independent pursuit of any sources of financial resources or other assistance directly related to the care, study or interpretation of the collection.

As provided in Section 9.J (1), previously approved museums and curatorial repositories that retain existing "intent to curate" or similarly worded executed curation agreements with third-party researchers (permittees) may elect to continue to honor those contractual obligations and be considered for "continuance approval". The State Archaeologist or his/her designee however must receive notice from the organization within 30 days after the museum's or curatorial repository's expiration date for renewal of approved status. In order to be considered for this continuance status, the museum or curatorial repository must list (attached to this form) the number and names of all outstanding permittee agreements along with their expiration/renewal dates. Extended approval may then be granted for a period of no greater than five years based on furthest dated agreement and no greater than five years from the effective date (August 1, 2017) of the current revised rules and procedures. State collections deposited by researchers to this organization outside of the attached list are not allowed under the status of continuance approval. Those seeking continuance approval status may elect to mark the documentation requirements numbers 12 – 14, 16 below as not applicable (N/A).

- (a) We desire continuance status attest (yes) (initials [____]), and
- (b) We have attached our list of outstanding curation agreements with their respective termination/renewal dates (initials [____]).
