**About Us:**
Established in 1879, History Colorado is a 501(c)(3) charitable organization and an agency of the State of Colorado under the Department of Higher Education. We offer access to cultural and heritage resources including statewide Community Museums, programs for families and adults, stewardship of Colorado's historic treasures, and resources for students and teachers. We provide programs and services related to historic preservation and archaeology as well as access to a vast collection of archives, artifacts, and historical photography. At History Colorado, we strive to be a place of belonging for all Coloradans and to serve as a platform for community connection. We are committed to Colorado's diverse communities through new engagement programs such as We Are Colorado, and we know we are succeeding when more voices, perspectives, and experiences are part of History Colorado.

**Campus Compact**
Campus Compact is a membership organization that engages college and university presidents as part of a national coalition of more than 1100 colleges and universities across the country. These institutions are passionately committed to the value service learning and civic engagement brings to higher education and the community. We connect student needs to community needs by empowering students to get involved in social issues where they can make a difference - not only in the lives of others, but also in their own growth as students and citizens of the world.

**K2H Civic Futures AmeriCorps Program**
The K2H Civic Futures AmeriCorps Program focuses on civic learning and engagement opportunities and skill development for kindergarten through higher education (K-H) students. In addition, the K2H program strengthens partnership pipelines between K-12 systems and higher education systems that create continuity for civic learning and engagement initiatives as students transition from K-12 to higher education.

**Equal Opportunity Statement**
Aligned with organizational goals, mission, and vision, Campus Compact of the Mountain West and participating K-12 and higher education partners strive to attract and retain diverse and talented AmeriCorps Members. We encourage individuals of all ethnic, racial, and socioeconomic backgrounds to apply. CCMW is committed to providing equal opportunities to qualified individuals and does not discriminate on the basis of race, color, ethnicity, religion, sex, gender, gender identity and expression, sexual orientation, national origin, disability, age, height, weight, marital status, veteran status, pregnancy, parental status, genetic information or characteristics (or those of a family member) or any other basis prohibited by law. We are dedicated to increasing the diversity of our organization as we engage our network in contributing to this effort.
